

EUROPE NOT CERTAIN THE WAR WILL END

Japan Reported To Have Practically Decided on Terms.

Russia May Quit If She Gets a Bargain---Washington is More Hopeful.

Washington, D. C., June 12.—Count Cassini, the Russian ambassador, today laid before President Roosevelt Russia's formal answer to the president's identical note.

It is to the effect that Russia assents to the president's proposition, and will appoint plenipotentiaries to discuss with plenipotentiaries appointed by Japan, for terms of peace.

The formal answer of Japan is of like character, and already having been communicated to the president negotiations are assured.

The place of meeting of the peace envoys is now under consideration by the two governments. The above information is official.

PEACE TERMS AS OUTLINED BY MINISTER TAKAHIRA.

Washington, June 12.—Informally, the Japanese minister has acquainted President Roosevelt with the basis upon which his government would be willing to conclude peace. As yet he has given him no authority to make the conditions known to the Russian government. Summarized, these are believed to be:

The permanent cession of Port Arthur and Sakhalin island.
The withdrawal forever of Russian troops from Manchuria.
Recognition of the independence of Korea under Japanese protection.

Japanese control of the Manchurian railway.
The surrender to Japan of all Russian vessels interned at neutral ports.

Payment of an indemnity sufficient to reimburse Japan for the expenses of her armies in the field.

The status of Vladivostok, the limitation of Russia's naval force in the Orient for a period of years and other questions bearing on the future relations of the two governments will possibly be left for determination by the commissioners.

It is possible now to say that Russia understands, in a general way, what the demands of Japan will be. Japan understands how Russia will receive her peace offers in a general way, all of these facts having been fairly well established to the satisfaction of President Roosevelt before he left Washington Friday night.

Outlook Not So Bright.

London, June 12.—The correspondent of the Exchange Telegraph company at St. Petersburg, wires that the outlook for peace is not as bright as yesterday, owing to reports that the Japanese have begun an offensive move in Manchuria.

Washington Confident.

Washington, June 12.—Notwithstanding rumors from St. Petersburg that Russia will not clothe her commissioners with full powers to settle upon peace terms, the feeling here that the end of the war is in sight continues. The president is gratified over the favorable reception accorded his note.

Not One Escaped.

London, June 12.—According to the St. Petersburg correspondent of the Times it is stated by the Russian admiralty that in the battle of the sea of Japan not a single officer was saved from the battleship Navarin, Borodino, Imperator Alexander III, or Kniaz Souvaroff, all of which turned turtle.

Praising Roosevelt.

Paris, June 12.—President Roosevelt's success in opening the way for peace negotiations between Russia and Japan is the absorbing theme here and France has forgotten her own troubles with Germany over Morocco to join in enthusiastic approval of the American initiative. Portraits of President Roosevelt, Ambassador Meyer, Minister Takahira and Ambassador Cassini appear in all journals, with pictures of the white house as the scene of the historic origin of the peace movement.

Without exception comment on President Roosevelt's action is favorable, with an expression of slight sense of disappointment that France as an ally of Russia had not taken a more prominent part in forwarding the preliminaries.

Europe Is Skeptical.

London, June 12.—The optimistic opinion which prevails in America that war is practically over and peace assured, finds no echo in Europe. It is realized here that while the first important step has been taken, others still more important are yet to come. The chances are not considered more than even that peace will result from an exchange of views between the Tokio and St. Petersburg governments.

Skeptical War Will Not End.

London, June 12.—Some London morning newspapers are still skeptical of the possibility of peace resulting from President Roosevelt's efforts, but all admit the unexpectedly swift progress of events and pay the highest tributes of praise to the president's successful diplomacy. It negotiations should reach the stage of actual arrangements for an armistice it will be felt that peace at last is in sight, because it is argued that if Japan consents to suspend Field Marshal Oyama's well-developed plans for the coming battle it will be an indication that the Japanese government has good reason to know that Russia is in earnest in the desire to arrange peace.

Waiting On Japan.

St. Petersburg, June 12.—Russia is waiting for Japan to fix the time and place when and where the Japanese terms will be placed in the hands of Russia's representatives. The foreign office expects the delay to be brief.

The emperor's government would prefer Paris to be the scene of the initial step, but it is explained to the Associated Press that neither the place nor the personality of the Russian representative matters greatly. The Russian representative will not be plenipotentiary with full power to negotiate. His duty practically will be confined to reception and transmission to the government of the Japanese terms for decision whether they afford a basis for actual peace negotiations. He will be clothed with the power to effect an agreement for a suspension of hostilities, which suspension will probably be for a very limited period, during which Russia must decide the momentous question of peace or prolongation of the war. During this temporary armistice both countries probably will be free to continue the movement of troops and munitions of war within prescribed limits, although nothing definite on this point will be known until the meeting takes place.

In spite of official dubiousness as to the result, a well-defined report was current everywhere today, although the Associated Press could not trace its source, that Russia had already practically obtained Japanese conditions and that they proved so surprisingly moderate that Russia would certainly accept them as a basis for negotiations.

Russia Wants Bargain.

St. Petersburg, June 12.—If Japan simply announces her terms with the ultimatum that they must be accepted or rejected, peace negotiations are sure to come to an abrupt end. Russia is prepared to bargain for terms and that's all. If she sees the results of the bargaining are to be comparatively advantageous to Russia she will accept and if not the war will go on. The question of indemnity will require subtle handling.

Speaking of sure things, there is, in addition to death and taxes, the rent collector.

MURDEROUS ROBBER CUTS JEFF COLEMAN

Well Known Dairyman Assaulted on Hinkleville Road.

Negro Kept Weapon Pressed to His Chin and Got All the Money He Had.

POLICE HEADQUARTERS NEWS

Jeff Coleman, the well known dairyman, came to the city about 2 o'clock yesterday morning with a ragged, ugly wound in his chin, and reported a daring and desperate robbery of which he was the victim a few hours before.

About 11 or 12 o'clock he was returning to his home about three miles out on the Hinkleville road, in his milk wagon.

About half a mile beyond Oak Grove cemetery there was a crash behind and sudden shock, and he realized that the glass in the back doors of his wagon had been broken out.

At that juncture the mule became frightened and started to run away, and Mr. Coleman had no time to look back or pay much attention to the cause of the sudden commotion. In a few seconds he had the mule under control and had almost brought him to a standstill, when he was seized behind by a burly negro who placed both hands over Mr. Coleman's mouth and chin, and demanded his money.

"If you don't do it I'll cut your throat," said the robber, and he began pressing a weapon of some kind, Mr. Coleman took it to be a knife, to the latter's chin. The highwayman probably thought he had the knife or whatever it was, against Mr. Coleman's throat, but he didn't. It was being pressed to the chin all the time and slowly cutting in.

Mr. Coleman was held as in a vice from behind, and was powerless, and perceiving that resistance was useless, promptly handed over a small leather sack such as were given away by some of the banks Christmas, containing a small sum of money. The thief was not satisfied.

"That's not all the money you have, give me more," he demanded.

Mr. Coleman then gave him some change from his pocket, all he had, the total secured by the thief amounting to only \$1.65. In addition, the thief took a pocket knife and some other things from Mr. Coleman's pocket. When the man climbed out of the wagon Mr. Coleman found that he was painfully cut on the chin. He drove on home and after leaving the ice, groceries and other Saturday night purchases with which he was returning home when waylaid, he drove back to the city and had Dr. W. C. Eubanks dress the wound. He reached the city about 2 a. m. and Dr. Eubanks found the wound to be about 2 inches long, and to the bone. It appeared to have been made by a weapon with some sort of ragged edge, and did not look like a knife cut, although it was a cut of some description.

If the blade had not been against the chin bone, and the man had been cutting against the throat instead of the chin, Mr. Coleman might have been killed.

The negro seems to have been a powerful man, and his method of holdup by climbing into a wagon after demolishing the rear end, is unique in this part of the country. Mr. Coleman made a detailed report of the case to the police, but they have found no clue to the thief's identity.

The police were called to South Third between Tennessee and Ohio Saturday to investigate a report that Louis Hemmers was trying to cut his throat. They found that there was nothing except a little Saturday night row and a bluff with a pocket knife.

Mr. Arch Bohannon has recovered his gasoline launch the "Lawrence," but it was badly damaged. It was caught below Metropolis, Ill., by a fisherman, and seems to have been stolen, used as long as desired, and then abandoned. It was brought back to the city and is being repaired. There is no clue to the thief's identity.

RIVERS FLOODED ABOUT HANNIBAL

Mississippi on a Rampage and Over Danger Line.

Three Bridges Reported Washed Away—The Wisconsin River Also at Flood Stage.

PART OF LEVEE WASHED AWAY

Hannibal, Mo., June 12.—The Mississippi is still rising and indications are that the crest will not be reached before tomorrow. Some of the railroad tracks are covered with water and it is feared there will be much damage.

The river, swollen by recent heavy rains, has risen to the flood stage, the rise in the past 24 hours being over five feet. The danger line, 13 feet, was passed and the stage now registers 17.1 feet.

A stage of 20 feet is predicted. All lowlands are submerged and railroad traffic is badly interrupted. Three bridges are reported washed away. No casualties are reported.

Highest in History.

Milwaukee Wis., June 12.—A Sentinel special from Portage, Wis., says:

"The Wisconsin river reached the highest stage in its history today, being above 12.2 feet.

"A portion of the city levee at Bardens was washed out for a distance of 100 feet. The entire lowlands of that vicinity are under water. The water stood at 18.6 feet at Kilbourn this evening, the highest known in years. The river continues slowly rising."

ALL ABANDONED.

No Efforts Being Made For the Place.

Chicago, June 12.—The Chicago team owners' association employing 8,000 union teamsters, has decided to remain neutral in the labor struggle now in progress in Chicago. The referendum vote on the question was completed yesterday and 155 votes to remain neutral and three to compel the teamsters to obey orders.

Negotiations for peace which promised at one time last week to be successful have apparently been abandoned for the present at least.

weeks, has gone to Dawson Springs for a week. Detective T. J. Moore is at present holding the lid down by himself.

It was reported to the police yesterday that two raftsmen had been drowned off a raft near Gilbertsville, Marshall county, but messages from up the river today state that no one knew anything about such an occurrence. The men were on their way to Paducah on a raft belonging to a man named Gorkey. The latter arrived Saturday night on a raft that was ahead of the other in charge of Dave Pritchard. He was informed that Pritchard's raft struck a pier of the Tennessee river bridge at Gilbertsville, and two raftsmen were drowned, but the information was probably incorrect, as nothing was known of it at Gilbertsville.

Ernest Ozment was cut on both arms Saturday night while attempting to restrain George Hall, a painter, from beating his wife, according to the statement of Ozment.

Ozment claims that he was in Boyd's alley in the northern portion of the city about 9 o'clock Saturday night talking with a young woman on a porch opposite Hall's house. He alleges Hall had been drinking and was beating his wife, who is frail and weak.

He went in and attempted to stop Hall, he alleges, but Hall showed fight. They clinched and went to the floor and Ozment, who did not notice the knife held by Hall, was cut in both arms, but not seriously hurt. The left arm was cut to the bone above the elbow and one muscle severed. The right arm was also cut above the elbow, but not so seriously as the left. Dr. Johnston Bass, city physician, dressed the wound. Hall is under arrest and will probably be warranted today, but Ozment has not been found.

Ernest Ozment and Bud Jones were this afternoon arrested for a breach of the peace.

PADUCAH IS AFTER FOURTEEN CONCERNS

It Is Believed That At Least Six Will Be Landed.

One Employs Nearly 1,000---Commercial Club After Fourteen---Census Man Here.

With a prospect of landing fourteen big enterprises, and almost a certainty of locating at least six of them, one employing between 800 and 1500 men, Paducah can truly be said to be booming.

Secretary D. W. Coons, of the Commercial club, returned this morning from Chicago, where he went several days ago on business of the highest importance. He had the addresses of about 50 concerns which for various reasons are seeking new locations, and visited them all.

Secretary Coons, in his characteristic way, ascertained exactly what each intended to do and wanted done, before it would come to Paducah.

Most of them wanted a big bonus, free sites, exemption from taxation, or big subscriptions of stock and the propositions from them will all be rejected, or rather will simply not be considered.

Statements were solicited and secured by Secretary Coons from those industries that are desirable and are willing to make a reasonable proposition.

There are fourteen of these, and it is believed by those on the inside that at least six out of the fourteen can and will be landed by Paducah, and it is possible all will be.

One of the six is the company that employs between 800 and 1500 men. It is a manufactory, and will be a great thing for the city.

Two committees from concerns that desire a change of location will arrive here this week to look over the city, and others are to be invited and are expected to accept the invitation, at once.

The Commercial club will vigorously prosecute the work it has begun, and make every effort to secure for Paducah all of the fourteen industries that are to seek new locations.

Census Man Arrives.

Mr. C. N. Beach, of Washington, D. C., an attaché of the United States census department, has arrived in the city and is busy at work collecting data of manufacturing concerns for the government. He has Kentucky for a territory, and has been to various parts of the state, visiting each factory and getting the number of people employed, the output, and everything else in connection with the business that would be of interest to the government.

Mr. Beach, when he goes to a city to work, is furnished by the government with a complete list of all the known manufactories in the place, but he is expected to find all others, also.

Mr. Beach was astonished to see how Paducah has grown since the government got its last report from us a few years ago. There are dozens of industries here that are not on the government list, and Mr. Beach is confident Paducah will make one of the best showings of any city in the country its size. His work here will require at least six weeks, and possibly longer.

During his stay he and his family have rooms at Mr. Fred B. Ashton's, on North Fifth street, near Harrison.

WHERE IS WILSON?

HE LEFT IN A BUGGY LAST FRIDAY.

His Father Searches For Him, But Finds No Trace of Him.

Lyman Wilson, a well-known young man and son of Capt. C. W. Wilson, a river man, has disappeared, and the last time seen in Paducah was Friday when he left the city in one of Mr. John Terrell's buggies ostensibly to take a young lady from Metropolis on a drive. He was to return that afternoon, but failed to show up. Saturday no trace of him could be found but it was reported he had driven the young lady to Cairo to assist her in marrying a friend of his. Yesterday Wilson's father went to Cairo, but could find no trace of his son. If he had been there, no one knew anything about it.

This afternoon it was reported that there was a dead horse beside a buggy near the Clarks river bridge. Mr. John Terrell received a telephone message to that effect, but the rumor was not regarded as well founded enough to justify him in sending a man out to investigate.

A telephone message from residents near the bridge this afternoon stated that the buggy was still there, but the dead horse had been carried away. It was thought that the animal belonged in the city, however, and died yesterday of colic.

There was a shut out and then a washout at Wallace park Sunday afternoon when the Indians and Raylets met for the second game of the series.

It rained so hard for more than half an hour, and the wind was so high that the 1,000 spectators had to huddle up in the rear of the grand stand and suffer a drenching. The rain was blown in every direction, but the fans didn't care much, for the score was 3 to 0 in favor of Paducah when the warriors quit.

Long Bill Frakes was at his best and the Raylets could do nothing with him, not even getting anything that looked like a single. He was invincible.

Gilligan scored one run in the first inning by stealing home. McClain went out to first and Gilligan got a sack on Virgil's error. Taylor advanced Gilligan two sacks on a single hit and Bohannon made first on another error by Virgils. Potts went to the bat.

The ball was rolled to the pitcher instead of thrown to him, and Gilligan, always on the alert, started for home no more than the ball touched the ground, and although it was picked up and fired in home like a cannon ball, he beat it a mile and scored.

Potts popped out and not until the sixth inning did the Indians tally again.

Frakes caught a soaker in the ribs

and made first base. McClain hit to Virgils who fielded to second, shutting out Frakes, but McClain reaching first base. Gilligan singled and stole second and Taylor singled scoring both runners.

By this time rain began falling. Zinkins called the game and within three minutes a regular deluge occurred. The diamond was a mass of watery mud. The players began to make for the car as soon as the rain abated, the diamond, even if the rain stopped, being unfit for play.

No Game at Cairo.

Cairo, Ill., June 12.—The game yesterday between Vincennes and Cairo was stopped in the fourth inning.

When the game was called no runs had been made, and only one hit on each side while Vincennes had had two and Cairo three errors.

Batteries—Cairo, Holycross and Harvey; Vincennes, Witt and Lemon.

Each Took a Game.

Henderson, Ky., June 12.—The Hens and Nut Students broke even in their double header yesterday, the morning game going to the local team while that in the afternoon was won by the visitors. Both games were good exhibitions of ball playing and were well attended.

Asher officiated on the slab for the Hens in the morning, and did very satisfactory work, allowing the Students but five hits. Desmonds was on the firing line for the visitors and though he allowed but seven hits, an equal number of errors behind him spoiled his game.

For the Nut Students in the afternoon Smith and Bomar did the stunts. Smith's arm still being sore he was retired from the game before

it was well started. Seven hits were secured of the combined delivery of the two pitchers. For the Hens also two slab artists were found necessary. McCarthy, a new man, was given a try out, but his work was not found satisfactory and he was driven back to his stall and Asher substituted. Five hits were secured off the latter two men.

Good Word for "His Umps."

"The umpire has his troubles," says the Dayton Herald. "Troubles to him are incidental in life as he is besieged from 3 o'clock till 5 o'clock or thereabouts every afternoon with people whose sole business in life seems to be to create trouble. The umpire is the big target for abuse and umprical protection in the Central league has been proven so far this year to be not the safest a man could wish for."

"Wood is today the best judge of play in the Central league. Wood has been fairer and made a better impression in the league cities than any other umpire that the president of the baseball organization has given the teams composing it. But Wood has also his troubles and he relates an amusing occurrence which happened not so long ago. It was up to Grand Rapids in a close game when things began to look blue. The visiting club was a run behind, and after a close decision at the plate which called the visiting club out, the manager of the team came running up to Wood. 'Say, Wood,' began the manager as he came dashing in from the outfield, 'I always thought you were a square kind of a fellow, but I want to tell you right here what I think of you now.' Wood merely smiled."

"All right," replied the autocrat of the field, "this is a free country. You can take several minutes to tell me the hardest feelings you have against me. Tell me all you please, and after you get through, you sit down on that bench over there." The manager clinched his fist, gritted his teeth, and played the remainder of the game in silence.

"Another incident occurred with Bade Myers, of Port Wayne, as the chief trouble maker, and Bade can grind out about as much trouble as the next man in knickerbockers. "Bade's men were in a close contest with another club this last month. There were two men out, three Warrender men on bases, and a heavy hitter at the plate. He got a strike and two balls. The next ball was a bit wide, and he struck at it making two apiece. The next ball shot right at the batter, who swung with all his might, throwing himself from in front of the plate, the ball striking his foot, 'Strike three,' yelled Wood. Bade Myers was next to the judge of play in an instant. 'That's the worst ever,' said Bade. 'Why, yes,' replied Wood, 'I have a 9-year-old boy at home, and if he'd done the same thing I would have thrashed him thoroughly.' Bade saw the point and shuffled out of the way."

Double-header today.

If Vincennes loses today Paducah and the Hoosiers will again be tied for first place.

The next three games here will be very exciting, as the race between Paducah and Vincennes for the lead has been very close.

Dummy Hughes, of the Cairo team, is sick and is laying off for ten days. Harvey is playing the initial sack. Of course Dummy makes no racket about first when he is playing the sack, but Harvey is about the noisiest man on the Cairo team so there must be quite a difference. Perhaps this explains why Cairo is losing, they are not used to the loud howling on first and when Harvey opens up he startles the other players and sends them up in the air.

Hopkinsville New Era.

This salary business is not worth quarreling over. Any baseball man knows that \$800 will not pay the salaries of twelve men for a month. You couldn't get twelve average counter hoppers for that amount.

Buck Freeman has pitched eleven games for Evansville in Central league. He lost his game Saturday with Springfield by a score of 3 to 2, allowing but 8 hits. He walked 2 and struck out 3, and had one wild pitch. His average up to date for the season is, Freeman, 11 games; 29 times at bat; 6 errors; 4 hits; per cent, .137.

Manager John Ray has signed Harris, the underhand pitcher with Clarksville last season, and also Tilford, a short stop who has been playing with Nashville in the Southern league.

Princeton will have something else to kick about now. Paducah has taken two straights from her and is going to take two more before she leaves.

Why should any of the papers stir up the salary question? Does any club in the K. I. T. league want to furnish, or any fan in the league, want to see, \$800 club baseball?

YEAR AND 19 DAYS IN THE HOSPITAL

J. R. Cosby, Ship Carpenter,
Out at Last.

Was Stabbed Here in a Fight On the
River Front and Blood Poison-
ing Developed at Evansville.

TO RETURN TO PADUCAH SOON.

On Saturday afternoon J. R. Cosby, a ship carpenter of Paducah, Ky., was discharged from the U. S. Marine Hospital in this city after having been a patient there for the past year and nineteen days says yesterday's Evansville Journal-News.

"Cosby was assaulted by another carpenter named D. W. Barnes at Paducah May 11, 1904, and stabbed with a knife in the side under the left arm. The wound was not necessarily a serious one, but blood poisoning developed and several times Cosby was reported dead, so serious was his condition. He was brought to Evansville May 22, 1904, and placed in the hospital, where he had been since until Saturday, when he was allowed to leave, having now fully recovered. His life hung by a thread for five months.

"Cosby's assailant was arrested after the attack and was released on bond. He has not yet had his preliminary trial and will not have it until Cosby gets back to Paducah to appear against him. Mr. Cosby went from here to Owensboro, Ky., to visit relatives and friends and from there will go to Metropolis, Ill., where he will recuperate for a time and then go to his home at Paducah. It will probably be a month before he reaches home to prosecute the case against Barnes.

"The trouble between Cosby and Barnes arose over the contract for the building of a bridge for the steamer Fowler at Paducah, which was awarded by Capt. Fowler to Cosby. During the quarrel Barnes suddenly drew a large knife and stabbed Cosby in the side. The knife did not penetrate the chest cavity, however, and the victim would have soon recovered had not blood poisoning developed."

During this hot, enervating weather even the injunction, so strenuous in song and story, works languidly at its trade.

A WORD TO ELOPERS

HURRY BEFORE NEW ILLINOIS
LAW BECOMES EFFECTIVE.

Drastic Changes Will Be Made in
Marriage Regulations of Sister
State July 1.

The hundreds of Kentucky couples who have already eloped to Metropolis or Cairo, Ill., and married, will of course not be interested in the new marriage laws that go into effect there July 1, but scores who may hereafter desire to elope will be.

The Cairo Bulletin says:

County clerks all over Illinois are receiving the new marriage certificate blanks which will be used under the new law. County Clerk Jesse E. Miller expects to receive the blanks for this county in a few days.

The law passed by the last legislature will become effective July 1. It is most drastic in its changes over the old statute. Some of the alterations are:

The bridegroom must appear in person for the license.

Persons divorced cannot be married under one year.

There can be no blood relations between the contracting parties.

A girl under 16 cannot be married even with the consent of her parents. Formerly the limit was 14 years, if her parents gave authority for the issuance of the license.

If the county authorities are in doubt as to any question they can compel both to swear to affidavits. Changes will also take place in the hunting license law on July 1. Under the old system it cost \$1.10 for a license. The clerk got 10 cents and the state \$1. The county clerks of the state kicked so that the legislature made the desired amendments. They will now receive 25 cents and the state 75 cents. It is a more equitable distribution of the fees.

But Fred Brooks Was Re-

Fred Brooks, white, a chaingang prisoner, escaped from the gang Saturday, and remained at large until arrested again last night. He had been shackled and while working on the northwest side of the city, managed to get away while the keeper was not looking. He went into the bottoms and near Terrell's lake filed the lock off and hung the shackles on a tree. The shackles were found by Mr. Will Roark, of the local I. C. shops, who took them to the hall.

HORRIBLE CRIME TOLD IN DETAIL

Missouri Woman Helped Kill
Her Husband.

Cut His Throat After He Had Been
Struck by Her With a Bed
Slat.

THE MAN IS TO BE HUNG.

Liberty, Mo., June 12.—Frank Hottman, who is under sentence of death for his part in the crime, took the stand today at the trial of Mrs. Aggie Myers and told the part which he and the woman played in the murder of her husband, Clarence Myers. After telling how Mrs. Myers gave her husband a sleeping potion, Hottman said he struck Myers on the head with a billiard cue. Myers arose, called to his wife for help, and the two men began a death struggle.

"While we were struggling," continued Hottman, "she got a bed-slat and struck Myers with it. Then she went back into the bedroom and came out with a razor and cut his throat, let him down to the floor, and she leaned over him and cut his throat again several times."

While Hottman was telling this terrible story, Mrs. Myers sat unmoved, watching the witness.

Hottman told of Mrs. Myers aiding him to get rid of the bloodstains and of her giving him money to flee from the city.

SMALL SCARE

AT THE CASINO LAST NIGHT—NO
DANGER AND LITTLE DAM-

Two Films of the Picture Machine
Were Burned.

There was a small scare at the Casino theatre Wallace park, last night during the performance. After the moving picture machine had been operated, the light was to be used for illustrated songs, and Manager Malone left two of the films in the machine.

When he focussed the light for the illustrated songs the focus, very fine and similar to a sun-glass, set fire to one of the films, and it burned like gasoline. Manager Malone attempted to extinguish the fire and severely burned his right hand. There was never the slightest danger of a fire, but some of the audience were for a moment much excited until it was evident that nothing could possibly burn except the film. The damage was nothing except the loss of the two reels of film, the machine not even being scorched.

TWO TOWNS

KITTY LEAGUE.

President Brown Holds Conference
Relative to the Salary
Limit.

President Charles Brown returned from Cairo last night, after conferring with Secretary W. P. Greaney, of the K. I. T. league, relative to the threatened withdrawal of Hopkinsville from the league, because of the alleged violation of the constitution by teams exceeding the salary limit.

President Brown received a letter from Hopkinsville managers saying that unless Paducah, Cairo, Vincennes and other teams paying more than the salary limit, decreased until the \$800. limit was maintained, Hopkinsville would have to drop out.

Applications from Owensboro and Mt. Vernon, Ind., are already in, and if Hopkinsville drops out, one of these two towns may come in.

It is not known what will be done about Hopkinsville's complaint.

Baseball men say that no club in any league observes the salary limit rule unless it wants to, and that any one knows \$800 a month will not support a team worth seeing.

No definite action was taken by the league officials, and it is not known what can be done. President Brown knows nothing about what any of the clubs are paying. In fact the men themselves do not, and some of the directors have only a vague idea, as they give their manager carte blanc orders. It is practically certain, however, that if the majority of the clubs are now exceeding the \$800 limit, they will continue to do so.

ADJOURNED MEETING.

Of the Board of Education to Be
Held Tonight.

The school board will meet tonight in adjourned session to allow salaries for the last two weeks in June and to wind up the business of the school term.

The matter of building a school house in Rowlandtown this year will not be considered by the board, it is said, because one new school is being built and the board is running short on funds.

There is one school which the board desires to sell but cannot get a suitable bid. The members seem unwilling to go ahead with the second school in Rowlandtown until the building at Fifth and Kentucky avenue is sold.

Daily Thought.

Good manners pay even if they do not make friends, because we cannot try to make others happy and to radiate sunshine without feeling better and purer ourselves.—Success.

MUNICIPAL OWNERSHIP IMPRACTICABLE.

Advocates of municipal ownership in Chicago, and possibly in other cities, are about to get their first dose of disillusionment. James Dalrymple, of Glasgow, Scotland, for whom Mayor Dunne sent for advice, has completed an investigation at Chicago, and is about to make a report, and it is said on good authority will report that the scheme to municipalize Chicago's traction system is not practicable under existing conditions.

An Associated Press dispatch from Chicago says:

"The part politics plays in the administration of the city's affairs is, in the opinion of the Scotch expert, the rock on which Chicago's municipal ownership and operation plan will go to destruction. The Scotch expert has convinced Mayor Dunne that his conclusions are right, in part, and the executive and radical city ownership men are, in consequence, considerably disconcerted. In fact, the fervor with which the enthusiasts welcomed the Scotchman to Chicago has now completely disappeared, and in its place came a pronounced chilliness in bidding the visitor Godspeed on his return journey."

"Mr. Dalrymple has not as yet submitted a formal report; and will not do so for several weeks after his return to his native land but his views have been given a number of times to the mayor and municipal ownership associates in the last few days, and they were reiterated at the final meeting of the expert and Mayor Dunne just previous to the departure of the former."

It will be ever thus. Those who want the best possible service at the least possible cost, and advocate municipal ownership as the means of getting it, will inevitably sooner or later realize the error in supposing that such means will bring about the desired end under conditions existing in American cities.

As long as we have politics, we cannot have successful municipal ownership.

Paducah wants no more brick streets, if the best opinion possible to obtain is any indication of the sentiment of property owners and taxpayers. Some are trying to cite Evansville as an example but Evansville is not a fair criterion. The main reason Evansville ever had brick streets is that paving brick are

made there, and can be bought cheap and all freight charges be saved. Several years ago block after block of brick streets were torn up in Evansville because it was claimed a typhoid fever epidemic could be traced to the unsanitary brick streets, with their thousands of cracks and crevices to absorb filth and disease germs. Very few cities build brick streets nowadays. Most of the brick streets Evansville now has, have been down for years and are still down because the city can't afford to reconstruct them all.

When peace is concluded between Russia and Japan, it will be another feather in President Roosevelt's cap. It will also be a sad, sad blow to those people who have all this time been accusing him of being war-like, imperialistic and using a big stick. One by one President Roosevelt has knocked daylight out of every fault his enemies have ever been able to discover in him.

The Fredonia Valley Blade, a new weekly paper of Caldwell county, Ky., has reached the exchange table, and seems to be a husky youngster with a bright future. Sam L. Henderson is editor and the paper will be independent in politics.

The best way to find out how some of the members of the general council are going to vote on any question is to first find out what the board of works wants. Whatever that is, certain members are sure to vote against.

Many of our democratic friends do not want Blackburn for United States senator and many do not want Judge Paynter. Why not vote for a republican in November, and have neither Blackburn nor Paynter?

River men will now have a harder time than ever getting roustabouts. Watermelons are beginning to come in.

NEW FACES

Will Be Seen Behind the Footlights at the Casino Tonight.

The Casino theater at Wallace park has a fine company for this week, and the attendance promises to double. Hundreds of theater goers in Paducah will be glad to welcome back as a star Miss Edna Farrell, in private life Mrs. Will C. Malone. It will be her first appearance on the stage of Paducah for several years. She was formerly leading lady at the park, and has many warm admirers among the amusement lovers of Paducah. She will have the lead in "A Clouded Life" tonight, and a dramatic treat is promised the public.

Others in the cast will be: Miss Dora Swearingen was formerly with the William Owens company playing in Shakespearean repertoire; afterward with the Frank E. Long Stock company, and is directly here from the People's Theater Stock company of Chicago.

Harry Schroder and Hugh Irvington will alternate leading and heavy parts. Mr. Schroder has lately been with the People's Stock company, of Chicago.

Charles E. Murphey was with the George Samuels productions last year, but is lately with the Grand Opera House Stock company of New Orleans.

Frank O. Mayo, juvenile man with the company, has been leading man with the P. F. Shea Stock company at his home in Springfield, Mass.

Mr. Allan Kelly is a delineator of character roles of long experience, having played several seasons under the Frohman management.

Miss Nellie Granville is a finished actress and one who made many friends in Paducah during a previous engagement at La Belle park. During the past season she made a pronounced hit as Miss Hudson, Sherlock Holmes' Landlady, in "The Sign of the Four."

MAYOR YEISER GETS ANONYMOUS LETTER

Badly Written, But It Was a Warm Member.

Says Mass Meeting Was Held On Cow Question—Punishment Was Discussed.

IT MAY ALL BE A JOKE

Mayor Yeiser has received numerous notes, messages, telephone calls and much advice about the cow ordinance he finally signed Saturday night, but the most amusing was an anonymous letter he received today. It was written either as a joke or else by someone that must have been as mad as he or she was evidently illiterate.

It was addressed to "Mayor Yizer" and simple English words throughout the letter were spelled about as nearly correct as the mayor's name.

It required three careful, prayerful perusals to decipher the writing, but the mayor was finally successful, and found that the gist of the communication is that while it censures members of the legislative boards for passing the ordinance the mayor seems to be IT. He is the one they are after, and many plans of punishment for him are suggested, but the one picked out as the best that ought to be applied to him is not definitely stated in the remarkable document.

It is said in it that a mass meeting was held to act on the cow ordinance.

One plan suggested, according to the letter, was to get several stout women to "catch Mayor Yeiser out" get all the little boys and girls under 7 years of age, and give the chief executive a good flogging.

This plan did not meet the general approval of conspirators against the mayor's welfare however, and another suggestion was made according to the letter.

Another spoke up and suggested that they take a hand at law-making and deprive every board member of milk for six years.

One stated that her method of punishment to Mayor Yeiser would be to make him pay her milk bill, or catch him out sometime and lick the shirt off of him.

Mayor Yeiser does not know whether the letter was a joke or not, but is not worried, and says that if such a meeting was held, he is sorry he did not have a chance to attend and place himself before its august members in the right light.

Storm water sewerage will probably shortly be built for better drainage on Broadway from Fountain avenue to 21st street, the property owners to pay half the cost, which is estimated at \$600.

Dogs will be impounded after tomorrow if a license has not been paid on them. Owners who fail or refuse to get a license will be prosecuted, and the authorities expect to get rid of many worthless dogs during the next few weeks.

The cow ordinance has been signed by Mayor Yeiser, and will become effective Wednesday after it has been published three times. The ordinance authorizes the appointment of official "cow catchers," in addition to the police, but Chief Collins has not decided whom he will appoint. The ordinance authorizes a \$5 fine for allowing cows to run at large, and authorizes the chief of police to sell them if they are not redeemed.

The Paducah Furniture company is today placing in the beds at the new city hospital at Fourth and Clay. There are sixty of them, and the work will soon be finished. All the fixtures and other furniture will be in in a few days, but the exact date of the formal opening has not been set.

No steps have yet been taken to remove the rejected curbing on Second street between Broadway and Kentucky avenue. It is understood that if the contractor does not tear it down the city will and put in the kind the board of works wants and take the cost out of the amount due the contractor.

City Engineer Washington will probably finish the plans for the Jefferson street and Kentucky avenue contracts this week, and little time will then be lost in letting the contracts and beginning work.

SHOOTING AT SMITHLAND.

Two Colored Men Disputed and Then One Shot.

Joe Scales and Walter Morris, colored, got into a dispute on Front street near the Clark Hotel in Smithland, Livingston county, Saturday night and the former secured a shotgun and shot at Morris but without effect. The contents of the gun went into a telegraph pole. The distance between the two was not great and had the aim been good, Morris would probably have been fatally wounded, if not killed. Scales has been arrested and will be given a preliminary trial this week.

POLICE BOARD.

Will Hold Its Regular Meeting This Evening.

The regular meeting of fire and police commissioners will be held tonight and Fire Chief Wood will be granted leave of absence to attend the state meeting of fire chiefs at Louisville this week. As usual it is likely no toy pistols or blank cartridges will be permitted.

The commissioners are in favor of connecting the Tenth and Jones street fire station with the sanitary sewerage, which would require a lateral only about half a block long, but the general council has final jurisdiction in the matter.

Heart Weakness.

Dr. Miles' Heart Cure has made many hearts well after they have been pronounced hopeless. It has completely cured thousands, and will almost invariably cure or benefit every case of heart disease.

Short breath, pain around heart, palpitation, fluttering, dizzy, fainting and smothering spells should not be neglected. Take Dr. Miles' Heart Cure and see how quick you will be relieved.

It cannot make a new heart, but will restore a sick one by strengthening the heart nerves and muscles, relieving the unnatural strain, and restoring its vitality.

"I had a very bad case of heart trouble. For six months I could not work. Last July I was plowing corn and feeling bad all day; in the afternoon in plowing one row I had to lay down, or fall down, three times. My heart throbbed as though it would burst through, and I had difficulty in getting my breath. I purchased a bottle of Dr. Miles' Heart Cure. Before I had used half of it I could lay down and sleep all night. Previously I had to get up from five to ten times a night. I have taken several bottles, and my heart is as regular as clock work. I feel like a new man, and can work considerably for an old man, 84 years old."

WOULD BE A TRUST

THINKS FEDERAL OFFICER OF PROPOSED COMBINE.

Tobacco Raised and Sold in Partnership Subject to the Regular Tax.

Washington, D. C., June 12.—Eight farmers in Western Kentucky hit upon the idea of forming a company and selling their tobacco as one person, in order to avoid the payment of their internal revenue tax of six cents a pound. The commissioner of internal revenue holds that such a company would not be brought within the exemption applying to farmers and growers of tobacco, and therefore the tobacco would be subject to the regular tax.

The commissioner was asked for a ruling on the subject by Collector Franks, of Owensboro, who had been approached by the representative of the proposed partnership and asked as to its relation to the internal revenue laws. It was explained that the farmers proposed to form a partnership for the raising and sale of tobacco as cured on the farm, and not manufactured in any way. The firm was to have an agent who would solicit orders and send the tobacco in separate packages to each purchaser. One person was to be named as manager, and he, after the deduction of his salary, was to divide the profits equally among the partners.

BACK TO TENNESSEE

A Convict Convicted at Bardwell Will Be Taken.

Frankfort, Ky., June 12.—Governor Beckham has honored a requisition from the governor of the state of Tennessee for the return to Lake county, that state, of William Singleton, a fugitive from justice, charged with murder. Singleton was apprehended at Bardwell, Carlisle county, where he was arraigned on a charge of burglary. His trial in the Carlisle circuit court had just been completed when the Tennessee requisition arrived here, and he had been sentenced to the Kentucky penitentiary for a term of two years. Upon the statement of the Tennessee agent that Singleton's crime in that state was a bad one, and that the evidence was strong against him, and upon recommendation of Circuit Judge Bugg, of Bardwell, Governor Beckham determined to issue warrant of arrest and have Singleton sent back immediately to Tennessee to be tried for the local crime.

Upon complaint of local parties against the working of convicts of the state penitentiary outside the walls of that institution, Prison Commissioner McCutcheon has directed that such prisoners be returned to the walls. The prisoners were employed about two blocks from the prison in a varnish manufacturing plant operated by the contractors for the chair and furniture department of the prison, the Frankfort Chair company.

ACUTE RHEUMATISM.

Deep tearing or wrenching pains, occasioned by getting wet through; worse when at rest, or on first moving the limbs and in cold or damp weather, is cured quickly by Ballard's Snow Liniment. Oscar Oleson, Gibson City, Illinois, writes, Feb. 16, 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liniment cured me." 25c, 50c, \$1.00. Alvey & List, and G. C. C. Kolb, Paducah, Ky.

A SEA SHORE TRIP

FOR VACATION PURPOSES PERSONALLY CONDUCTED.

I am arranging to personally conduct a party of ladies and gentlemen to the Sea Shore, to leave Paducah on or about June 30, and to remain as long as they may desire up to and including August 31, 1905. The trip will be made with the view of passing through important cities in the East including New York City, with stop-over opportunities, and also including a short Sea trip that would add zest to the pleasure of the journey. However, this would not be necessary to those not that way inclined. It is also my intention to make such Hotel arrangements at points on the Atlantic Coast as will insure the best at the least cost. If you are interested, address me. If desired I will call and confer with you.

SIR HENRY MORGAN, BUCCANEER

By CYRUS TOWNSEND BRADY,
Author of "The Southerners," "For Love
of Country," "The Grip of Honor," Etc.

COPYRIGHT, 1908, BY C. W. DILLINGHAM COMPANY

"My lord, hear me," said the boat-swain quickly. "There be reasons and reasons for my betrayal, and I have one. This man was my captain. I perilled my life a dozen times to save his. I followed him blindly upon a hundred terrible ventures. I lived but for his service. My soul—when I had a soul—was at his command. I loved him. He could ask of me anything that I could have given him and he would not have been refused."

"Sirs," there came to me a young brother of mine, not such as I, a rude, unlettered sailor, but a gentleman, and college bred. There are quarrels on my family scutcheon, sirs, back in merry England, had I the wit or care to trace it. He was a reckless youth, chafing under the restraints of that hard religion to which we had been born. The free life of a brother of the coast attracted him. He became, like me, a buccaneer. I strove to dissuade him, but without avail. He was the bravest, the handsomest, the most gallant of us all. He came into my old heart like a son. We are not all brute, gentlemen. I have waded in blood and plunder like the rest, but in every heart there is some spot that beats for things better. I divided my love between him and my captain. This man—he pointed to his old master with his banded finger, drawing himself up until he looked taller than he was, his one eye flashing with anger and hatred as with a stern, rude eloquence he recited his wrongs, the grim indictment of a false friend—"this man betrayed us at Panama. With what he had robbed his comrades of he bought immunity, even knighthood, from the king of England. He was made vice governor of Jamaica, and his hand fell heavily upon those who had blindly followed him in the old days, men who had served him and trusted him, as I—men whose valor and courage had made him what he was."

"He took the lad I loved and because his proud spirit would not break to his heavy hand and he answered him like the old, free sailor he was he hanged him like a dog, sirs! I—stooped for his life. I, who cared not for myself, offered to stand in his place upon the gallows platform, though I have no more taste for the rope than any of you. If only he might go free. He laughed at me! He mocked me! I urged my ancient service. He drove me from him with curses and threats like a whipped dog. I could have struck him down then but that I wanted to save him for a revenge that might measure my hate, slow and long and terrible—not mere sudden death; that would not suffice—something more."

"Treachery? My lord, his was the first. I played his own game and have overcome it with the same. Dye blame me now? Take your treasure! I want none of it. I want only him and my revenge! Liberty's dear to all of us. I'll give mine up. You may take my life with the rest, but first give me this man. Let me deal with him. I will revenge you all, and when I have finished with him I will yield myself to you."

He was a blithe figure of old hate and rancor, of unslaked passion, of monstrous possibilities of cruel torture. Even Morgan himself, intrepid as he was, shrank from the awful menace of the morbid words.

"My lord," shouted the unfortunate captain, "give him no heed. He lies in his throat; he lies a thousand times."

"Twas a mutinous dog, that brother of his, that I hanged. I am your prisoner. You are a soldier. I look for speedy punishment—certain death, if it may be—but let it not be from his hand."

"Think, sirs," urged the boatswain. "You would hang him, perhaps. It is the worst that you could do. Is that punishment meet for him? He has despoiled women, bereft children, tortured men, in the streets of La Guayra. A more fitting punishment should await him. Think of Panama, of Maracaibo, of Porto Bello. Recall what he did there. Is hanging enough? Give him to me. Let me have my way. You have your daughter, safe, unharmed, within the shelter of her lover's arms. The town is yours. You have won the fight. 'Twas I that did it. Without me your wives, your children, your subjects, would have been slaughtered in Caracas, and this dog would have been free to go further afield for prey. He coveted your daughter—would fain make her his slave in some desert island. Give him to me!"

"Old man," said the viceroys, "I take back my words. You have excuse for your betrayal, but your request I cannot grant. I have promised him to Alvarado. Nay, urge me no further. My word is passed."

"Thank you, thank you!" cried Morgan, breathing again.

"Silence, you dog!" said the viceroys, with a look of contempt on his face. "But take heart, man," he added as he saw the look of rage and disappointment sweep over the face of the old sailor; "he will not escape lightly. Would God he had blood enough in his body to pay drop by drop for all he hath shed. His death shall be slow, lingering, terrible. You have said it, and you shall see it, too, if you will. He shall have time to repent and to think upon the past. You may glut

yourself with his suffering and feed fat your revenge. 'Twill be a meet, a fitting punishment so far as our poor minds can compass. We have already planned it. Take him away and hold him safe. Tomorrow he shall be punished. Alvarado, art ready for duty?"

"Ready, your excellency," answered the young man, "and for this duty."

"Take him, then," I give him into your hands. You know what is to be done; see you do it well."

"Aye, my lord," into the strong room with him, men! ordered the young Spaniard, stepping unsteadily forward.

As he did so the crucifix he wore, which the disorder in his dress exposed to view, flashed into the light once more. Morgan's eyes fastened upon it for the first time.

"By heaven, sirs!" he shouted, "Where got ye that cross?"

"From his mother, noble captain," interrupted Hornigold, coming closer.

He had another card to play. He had waited for this moment, and he threw back his head with a long, bitter laugh. There was such sinister, such vicious mockery and meaning in his voice, with not the faintest note of merriment to relieve it, that his listeners looked aghast upon him.

"His mother?" cried Morgan. "Then this is—"

"The boy I took into Cuchillo when we were at Panama," said Hornigold in triumph.

"And my son!" cried the old buccaneer, with malignant joy.

A great cry of repudiation and horror burst from the lips of Alvarado. The others stared with astonishment and incredulity written on their faces. Mercedes moved closer to her lover and strove to take his hand.

"My lords and gentlemen, hear me," continued the buccaneer, the words rushing from his lips in his excitement.

"Where got ye that cross?"

for in the new relationship he so promptly and boldly affirmed he thought he saw a way of escape from his imminent peril. "There lived in Maracaibo a Spanish woman, Maria Zerega, who loved me. By her there was a child—a boy. I took them with me to Panama. The pestilence raged there after the sack. She fell ill and as she lay dying besought me to save the boy. I sent Hornigold to her with instructions to do her will, and he carried the baby to the village of Cuchillo with that cross upon his breast and left him. We lost sight of him. There the next day you found him. He has English blood in his veins. 'Tis my son, sirs, a noble youth," sneered the old man. "Now you have given me to him. 'Tis not meet that the father should suffer at the hands of the son. You shall set me free," added the man, turning to Alvarado.

"Rather than that!" cried Hornigold, viciously springing forward, knife in hand.

He was greatly surprised at the bold yet cunning appeal of his former captain.

"Back, man!" interposed the viceroys.

"Think, sirs," urged the boatswain. "You would hang him, perhaps. It is the worst that you could do. Is that punishment meet for him? He had another card to play. He had waited for this moment, and he threw back his head with a long, bitter laugh. There was such sinister, such vicious mockery and meaning in his voice, with not the faintest note of merriment to relieve it, that his listeners looked aghast upon him.

"His mother?" cried Morgan. "Then this is—"

"The boy I took into Cuchillo when we were at Panama," said Hornigold in triumph.

"And my son!" cried the old buccaneer, with malignant joy.

A great cry of repudiation and horror burst from the lips of Alvarado. The others stared with astonishment and incredulity written on their faces. Mercedes moved closer to her lover and strove to take his hand.

"My lords and gentlemen, hear me," continued the buccaneer, the words rushing from his lips in his excitement.

"Where got ye that cross?"

for in the new relationship he so promptly and boldly affirmed he thought he saw a way of escape from his imminent peril. "There lived in Maracaibo a Spanish woman, Maria Zerega, who loved me. By her there was a child—a boy. I took them with me to Panama. The pestilence raged there after the sack. She fell ill and as she lay dying besought me to save the boy. I sent Hornigold to her with instructions to do her will, and he carried the baby to the village of Cuchillo with that cross upon his breast and left him. We lost sight of him. There the next day you found him. He has English blood in his veins. 'Tis my son, sirs, a noble youth," sneered the old man. "Now you have given me to him. 'Tis not meet that the father should suffer at the hands of the son. You shall set me free," added the man, turning to Alvarado.

"Rather than that!" cried Hornigold, viciously springing forward, knife in hand.

He was greatly surprised at the bold yet cunning appeal of his former captain.

"Back, man!" interposed the viceroys.

"Think, sirs," urged the boatswain. "You would hang him, perhaps. It is the worst that you could do. Is that punishment meet for him? He has despoiled women, bereft children, tortured men, in the streets of La Guayra. A more fitting punishment should await him. Think of Panama, of Maracaibo, of Porto Bello. Recall what he did there. Is hanging enough? Give him to me. Let me have my way. You have your daughter, safe, unharmed

IN THE CHURCHES**MORE CHILDREN DAY EXERCISES YESTERDAY.**

Revival Notes and News of Sunday Services at the Different Places of Worship.

The protracted meeting which has been in progress for two weeks at the Third street Methodist church, will be continued through this week. The pastor, Rev. P. H. Fields and his assistant, Rev. J. P. Newsome, of Arkansas, feel much encouraged. Mr. Newsome is preaching some strong sermons, he is an evangelist who has accomplished great good in a large field. A children's service was held this morning with about 100 children present. These will be conducted through the week.

Services at 9:30 a. m. and 8 p. m. Everyone cordially invited.

A revival was begun yesterday at the Broadway Methodist church. Rev. T. J. Newell, the pastor, preached at both services, and his sermons sounded the key note of the series of meetings. The singing of the large choir was spirited and gave much pleasure. Mr. Newell will be assisted by the quartette of the Memphis conference, four strong and able young ministers who sing as well as preach. Some, or all, of them are expected today, and one of the number will preach tonight.

Service was held this morning at 9:30 o'clock and will be so continued through the week. Services each evening at 8 o'clock. The public is invited.

Children's Day was observed by the Sunday school of the First Cumberland Presbyterian church with an interesting program last evening at the church.

The morning church service was conducted by Mr. Pearson ockwood, a Christian Endeavor worker of the city. In the absence of a pastor at this church several of the Christian Endeavor members have agreed to hold service each Sunday, and their commendable work and interest is highly spoken of and much appreciated.

Rev. W. W. Armstrong, of the Trimble street Methodist church yesterday inaugurated a revival at his church. He will be assisted by Rev. J. V. Freeman, of Huntington, Tenn., who arrives today. Evangelist Charles, of Owensboro, is assisting with the singing. There will be service every morning at 9 o'clock, and at night at 8.

Strong evangelistic sermons were delivered by Mr. Armstrong yesterday morning and evening. Mr. Armstrong is an earnest and eloquent preacher.

A very beautiful Children's Day service was held last evening at the First Presbyterian church. The program was a very attractive one and was pleasingly rendered by the pupils of the Sunday school. Mrs. David Flournoy sang "The Kingdom of Heaven" very charmingly. At the close the pastor, Dr. W. E. Cave, made an interesting address to the children. A large and attentive congregation filled the church.

The Memphis Conference Woman's Foreign Missionary Society will convene tomorrow at Jackson, Tenn., for several days' session. The delegates from the Broadway Methodist church are Mrs. Amanda Wilhelm, Mrs. J. F. Covington and Mrs. C. H. Chamblin, who will leave tomorrow. The delegates are instructed to invite them to meet next year at Paducah.

CORRECTED DAY.**TURKISH TROOPS.**

Prevent Band of Bulgarians From Being Annihilated.

Salonica, European Turkey, June 12.—In fighting at Panchatin, near Vodela, June 2, it is said the Greeks lost three-killed while the Bulgarians lost twenty-eight killed or wounded besides seventeen prisoners who were executed by the captors.

June 3, in a fight at Libadi, west of Gumendja, three Greeks and 16 Bulgarians were killed. The Bulgarians would have been annihilated but for the timely arrival of Turkish troops. There is constant skirmishing in this district between Bulgarians and Turkish troops. The latter number nine hundred.

In brief, the explanation is that Norway is tired of being a twin.
